### Diana Rose – The Gift

**From “The Gift” Series by Diana Rose; the voice of Oron, the Interdimensional Teacher. Published and Broadcast for the first time on Halloween 2008, Contact Talk Radio Network, The “Diana Rose/Sara Pelfrey, The Gift” Show.**

As presented by Diana Rose for the Halloween Show on Contact Talk Radio, recorded 10-19-08 for special broadcast on 10-31-08 (all other Diana Rose shows are recorded “live” and usually in studio, but the studio was not available 10-31-08). The Voice of the Interdimensional Teacher, a Voice in *The Gift* – Oron, is the originator of this transmission. This is unusual, *esoteric* commentary on the meaning of *The Gift* with almost zen-like reflections for thought requiring explication. The discussion regarding the “magician” was presented for the Halloween show, in relation as well with *The Gift* and sacred sexuality. (Background regarding this unusual teacher and earlier transmissions of Oron can be found in *The Parallel Universe Transmissions* at: [www.parallel-universe.us/Transmissions.html](http://www.parallel-universe.us/Transmissions.html).)

This automatic writing was originally received on October 12, 2008, a message for the class, “The Magic & Meditations of The Gift,” held on that day by Diana Rose, Sara Pelfrey, and Clint McCune at Soul Food Books in Redmond, WA. However, the Voice asked that “The Magician” be posted but not read for the class, to be an audio broadcast for Halloween, “All Souls’ Day” on The Gift Radio Show. The reason became clear as we researched the Halloween show. This 10-31 day was traditionally known as a time between equinoxes when there could be a great “parting of the veil” each year; “all” souls could more easily cross to visit with *loved ones on Earth*.

This Oron transmission is typical of his more abstract labyrinths of words of dense meaning and symbols. However, at the end his single voice gives way to become for a moment The Voices of The Gift, speaking as a group, saying: **That is what we came to say today -- all of us in all Forms: To ignite the idea that touch and love in this Human Form is a Miracle.** Oron then closes the transmission. More of these commentaries, which may become a kind of channeled “class” on radio, are now being received for later Broadcast – a new development in *The Gift* series...

## **Oron – The Interdimensional Teacher of The Gift**

### **MESSAGE**

**Oron:**

#### **The Purpose of The Gift:**

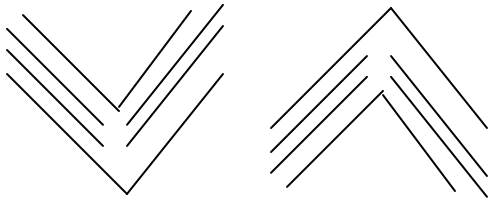

**“The body is an organ which is a space ship and a time machine. These are quite powerful but until we learn to Love they will not activate.”**

*(The message began with this symbol, followed by words.)*

#### **The Chevron**

Oron:

There is a ship of mind and spirit, a silver ship in the shape of an ancient Chevron. Picture this shape, its brilliance. *(I keep seeing this silver pointed space ship in so many places, dreams.)*

#### **Chevron**

(Shining Silver)

(Note: From Wikipedia: a component of the Stargate in the sci-fi piece. Also the “Phantom Regiment” drum and bugle corps symbol....a particular style of bead also known as Rosetta or star beads.)

The fabric of the ship when it takes this form is its Love Form. It is manifested physically and in light or electro-light form and “Third” Form and this can shape-shift into any location or dimension. **It does not travel; it assumes the shape of Love in that dimension and location [where it desires to go] and is there.**

**If you truly love a thing, you are there completely.**

**The body is a time machine and a space ship.**

---

Isis (explicated briefly): You must *reconnect* it, the connection between the DNA cut cords and the Love resident in the body. The Gift is for *the Reconnection of the Heart.*

---

Oron: (continuing)

**It is Love that loves. How can you love if you do not feel as Love?**

**The physical heart field is activated by true love without reservation or hesitation.**

**To know a thing is to be vulnerable to it.**

**To know something completely you must be *completely* vulnerable to it -- as if you were able to love it completely enough that you were *indistinguishable* from that thing, its Time and Space.**

**Thus, do you see the connection between love and vulnerability or surrender – and space-time travel? Do you not say when you love something, “I was “transported?”**

The more deeply and fully you can love a thing, the larger “you” are – you can be more “expanded” because you are not so completely focused on the narrower field of *you*, that self-focus field that enables you to create the Form you hold, somewhat the same way every day.

---

### **All Are Sexual Beings**

The Voices of The Gift are sexual beings. All of the Voices. There is attraction and touch; they are not stones.

All Planets are projected by loving sexual beings.

All consciousness is sexual and loving in your terms, thus, all light is sexual and loving.

Consider: You view sexuality as a “lower animal” function; not realizing that the animals experience the magic of the sweetest sense much more fully than you do; not realizing that if light which travels at massive relative “speeds” can be sexual, perhaps there is something *more* about *your* sexual being that you *do not yet know*... ☺

---

### **The Vision Points**

*(During this part, I could in altered state move from view point to view point and “see” at the level he described, which were such vastly different places! Realities! Just with the change of the “eyes.” He was very specific about the implication and spelling of “sight” [as in “seeing” with eyes] being different from “site” [as in “location”] and thus indicated that each “Vision Point” is both a level of perception and a place. -- DR)*

Examples of Vision Points:

Human sight/site level.  
Molecular sight/site level.  
Light sight/site level.  
Universal sight/site level.

Is not a thing then its point of “view” or Vision Point? A thing is its vision of the/its world. Its love.

*(For listeners of the Radio Show who will understand this reference; some original early transmissions related to this material began with a song/sound tipping point: “I Only Have ‘Eyes’ for You.”)*

Vision Point is Universal. The organizing principle of a Planet is contained in the love and desire of the beings which project it at any time. Earth is not static. Planets are not static. Nor are they lacking in love and desire. They await *your voices*... ☺

### **The Miracles of The Gift**

- **Miracle One.** The first is to realize that you are The Gift, both as Giver and Receiver. You are a Gift to each other.
- **Miracle Two.** That you have found each other -- and have made this connection is a true Gift.

When you move your hands along and over his body as the Giver of The Gift, you are bringing the true universe first into your heart and body as you have prepared. And then you are bringing it into his body – in a way, you Activate the Universe Within by reconnecting it with the Universe Without.

But this is, as stated, **“The Vulnerabilities of the Universe”**: That which loves so deeply that it can be completely vulnerable to a thing, it can know it completely; it can know the ultimate knowledge of its “thingness” or field. This kind of “knowing” is true knowledge, the knowledge of the full Action and Time and Field of a thing.

So that when you “see” that thing, you see it in all of its Forms. Your partner, your love, your Planet:

- Before it was in that Form.
- When it began as that Form and intersected your sight/site – its childhood or “acornness.”
- When it ages or ends as that Form
- After it was in that Form.

**All Form Is Sacred.**

When you “see” and appreciate and love all of a thing, there is an ecstasy something like a Big Bang of the thing, and as you are *completely vulnerable* to it because you love it so deeply, then you are in that Big Bang of the thing; you are inside its desire and fulfillment. The thing you have to *be* in order to be fully inside the fullness, the Big Bang, the desire and fulfillment of that thing is:

**You have to be ANOTHER THING.**

Thus: You have made one thing of another thing when you truly love. And that thing is ***another you.***

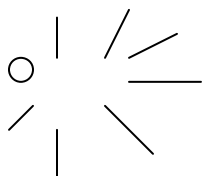

This “self,” in itself, profound *alchemy*..

---

Learning to truly love as the Vulnerabilities of the Universe is the most powerful thing in the Universe. It is the creation of life from complete knowing and vulnerability: And from nothing else!

This Vulnerability of the Universe is so immense -- yet its presence and effect are always in front of you all of the time...in the **Form** you see. But in full Form it would only be experienced by you in that moment as **a Miracle**, this complete vulnerability and knowing of a thing.

**Yet this is within you all the time.**

*This picture was shown of a thing's essence within the Vulnerability of the Universe. A picture of a thing being in a core or elemental state (like a small round ball of light – or a “seed.”). Then it was shown progressing to the right in a circle, moving into larger and larger versions of its form, such as Human form (baby, child, teen, adult, older adult, then gradually reducing in form size until it is again as the core state, like a small round ball of light or a “seed.”). All of its forms, he indicated, exist simultaneously within you, the whole picture – in a kind of sacred geometry form (nota bene); that all states exist at once, visible depending on your “Vision Point.” But if you were to see the whole picture or sacred form at once, he said, in a state of vulnerability – then you would consider this **a “Miracle.”** However, this does not mean that this whole-state form or picture or “vision” or state of universal knowledge (the meaning of the vulnerabilities of the universe?) -- does not exist within you all the time. How to “see”? You have a “Helpmate” he said... ☺ (Note: Oron often directs “smiley faces” in his commentaries.) -- DR*

### **The Helpmate**

You have a helpmate to awaken this “seed.” But you can only know *the Miracle* if you *practice together in love and vulnerability that Giving and Receiving* – until there is no more dishonor or taking or belittling or hurting but understanding and vulnerability, empathy and forgiveness.

**Forgiving = Forever Giving.**

**It is said: To Give is to receive.**

**To receive is also to Give.**

**But:**

**To receive without taking is the ultimate Gift...**

---

It is never to be regretted that you have loved fully for this is how you learn to love fully without taking. You must love and love again until you are full of Love.

In this Form of being, such Love is a Miracle in the sense that it would appear to you now as *utterly impossible*. **But:**

**You are the product of the *utterly impossible!***

Think of that...

---

Even an enormous gigantic feeling in the heart that you might have one day that overwhelms you with ecstasy, **this** will seem a Miracle because you will not believe that you could ever have felt such a thing in this Form of body. But you can.

**This body is itself a Miracle long sought throughout the Universe.**

I repeat.

**This body is itself a Miracle long sought throughout the Universe.**

Think on that. .. What does it mean to you if that is true?

Would you not honor and love your own body and the body of the one you love more if you knew for a fact that this is true?

**That the body you hold is a Miracle long sought throughout the Universe?**

**That you have been given a Miracle and have only to transform into that Miraculous Form fully. Is that not Beloved?**

**This body can go anywhere.**

**It can come and go across the Universes.**

### **The Sacred Vehicle**

You body was made to be this Sacred Vehicle, and your consciousness and heart and soul are One with it. It is the greatest Gift you can imagine.

And you were given an operating manual. *It is contained within and is fully available to your understanding as you learn and grow:*

Be silent and sit in love with your bodies;  
grow in love with them;  
give in love with them to each other;  
and in this silence of Stardom  
you will know Eternity even in this Form –  
and the Magic and Miracles of this Form.

**The Voices of The Gift:  
That is what we came to say today -- all of us in all Forms:  
To ignite the idea that touch and love in this Human Form is a Miracle.**

Oron:

### **The Magician**

You will not believe that you are the Magician until you taste and feel this Form as the Time Machine and Space Ship that it is, for you to develop, for you to learn from, for you to learn about.

Do you not understand that the body is your **Host** in every sense? -- In every sense that which you should call **Teacher**?

When you recognize and love, when you listen to it as Teacher, then there is no Form it cannot take, no knowledge that is not resident and available to you in any Place and Time.

When you give and receive The Gift, it is your body which transmutes it and begins to help you understand how to manipulate and mold reality in a state of deep and vulnerable, pure Love. It is indescribable, this Love.

You will S.E.E. what happens and you will have much new to say to each other... ☺

**Oron**
